*ECON 715 requires MATH 526 or ECON 526 and MATH 116 or MATH 126. If a student elects to take ECON 526 instead of MATH 526, an additional pre-requisite of ECON 426 is needed. This path is depicted in the sample plan above and is the department's preferred path for ECON 715 preparation. (That said, if a student takes MATH 526, they are not required to take ECON 426 or ECON 526 prior to enrollment in ECON 715.)
